Dear Mr. Kogi,

RE: APRECIATION

On behalf of the director and The Careers Department of Starehe Girls, I would like to thank you for taking part in our careers day. This was the first internal careers day and it was a success because of your dedication. I thoroughly enjoyed your presentation. Your delivery was so engaging that I lost all track of time. By any measure you are a very effective speaker and educator. I found your comments regarding future careers especially intriguing. On behalf of the Starehe fraternity, thank you for a memorable presentation and hope you will visit us again.

The talk was very timely and our students benefitted from your wealth of knowledge. Our students and the staff that attended are still talking about it. It was an honor for Starehe Girls to hear your ideas.

It is the kind gestures from people such as yourself within our community that should be acknowledged more often. We sincerely thank you for your kindness and may the good Lord continue to richly bless you and your career in your desire to help reach out to the students in the community.

We wish that God will reward you generously with material and spiritual gifts.

Sincerely,

Mrs. Rose Mukunya
